

- WILD Symbol substitutes for any other symbol except for the ELECTRIC BULB symbol.
 - WILD Symbol only appears on reels 1, 2, 3, 4 and 5.
 - Any ELECTRIC BULB symbol appearing on reel 6 will turn every Wild symbol displayed on the reels into Wild X2.
 - ELECTRIC BULB Symbol only appears on reel 6.
 - Any combination containing a Wild X2 will be multiplied by 2 x the number of wilds in the winning combination.
 - Only highest winner paid per winning combination.
 - Wins occur on adjacent reels, beginning with the leftmost reel.

-
- Each bet level corresponds to a board state. If the bet changes, the board state will change to the corresponding board state for that bet level.

- Each time the SPIN button is pressed, the reels spin and 2 dice are thrown.
- The player moves on the board according to the number obtained on the dice. When the player lands on an unowned property, the property is marked as "owned".
- All properties of the same colour must be owned before any property development can take place.
- Developments do not need to be uniform across the property set. For example, a set can have 1 hotel on a property, 1 house on another, etc.
- Once a player owns all properties in a colour set, they build houses by landing on a property in the owned set. Houses are built one at a time. After 4 houses are built, the subsequent development is a hotel. One (1) hotel is the maximum development for any given property.

- The Free Spins Bonus is triggered when a full set of hotels (2 or 3 depending on the property colour) is developed on a set of coloured properties. In the event that Free Parking completes more than one hotel set, a single Free Spin trigger is awarded.
- The player is then awarded 4 to 16 Free Spins, according to the number obtained on the thrown dice.
- If the initial dice roll is less than 5, the dice are rerolled and the result is added to the first roll.
- The spins during the Free Spins Bonus can trigger all the same features on the board as during normal spins.
- Free spins can be retriggered by completing additional hotel sets during the Free Spins Bonus. The player is then awarded 4 to 16 Free Spins, according to the number obtained on the thrown dice.
- If the initial dice roll is less than 5, the dice are rerolled and the result is added to the first roll.
- During the Free Spins Bonus, an alternate set of reels is used and the player moves on the board according to all standard board rules.
- The player will be paid when landing on properties with developments. The property pay range depends on the colour of the property as well as the number of developments on the property at the time.
- At the end of the Free Spins Bonus, all property developments are removed from the board.
