

SPECIAL SYMBOLS AND FEATURES

WILD SYMBOL

WILDS substitute for all paying symbols. They appear on reels 2, 3, 4 and 5. WILDS may randomly land with a MULTIPLIER of x2, x3 or x5 that applies to any wins in which they participate. In case of more than one multiplier in a win, they are multiplied by each other.

COLLECTOR

COLLECTOR symbols may land on reels 1 and 6.

Landing 1 COLLECTOR symbol together with CASH or BONUS PRIZE symbols awards the prize displayed on them.

Landing 2 COLLECTOR symbols turns them to CASH or BONUS PRIZE symbols. They and all other CASH and BONUS PRIZE symbols on the reels are held and the Hold and Respin bonus is triggered.

CASH SYMBOLS

CASH symbols hold a monetary prize representing a stake MULTIPLIER. The possible prizes are: 0.5x, 1x, 1.5x, 2x, 2.5x, 3x, 5x, 7x or 10x the stake. The CASH symbol's value is awarded to the player when 1 COLLECTOR symbol lands on the 1st or 6th reel or at the end of the Hold and Respin bonus.

BONUS PRIZE SYMBOLS

There are 4 bonus prizes in the game with fixed monetary values representing a stake MULTIPLIER as follows:

MEGA – 2500x

MAJOR – 250x

MINOR – 50x

MINI – 15x

4 BONUS PRIZE symbols represent the 4 BONUS PRIZES respectively. A BONUS PRIZE is awarded to the player when its corresponding BONUS PRIZE symbol is collected by 1 COLLECTOR symbol or at the end of the Hold and Respin bonus.

HOLD AND RESPIN BONUS

Landing 2 COLLECTOR symbols on reels 1 and 6 triggers the Hold and Respin bonus round with 3 FREE SPINS. The COLLECTOR symbols are turned to CASH symbols with a value of 3x. All CASH and BONUS PRIZE symbols are held until the end of the Hold and Respin bonus.

Only CASH symbols, BONUS PRIZE symbols or empty symbols may land during the bonus

round. Landing a new CASH or BONUS PRIZE symbol during the bonus round resets the remaining spins back to 3.

The bonus round ends if no symbols land for a duration of 3 respins or if the entire grid is filled with symbols. All CASH and BONUS PRIZE symbols are collected and paid to the player.

HOW TO PLAY BIG GAINS

FEATURE BUY

The feature starts automatically after your confirmation. If you refresh the game during the feature you will receive the end result. The Buy Feature is activated immediately after clicking the "buy" button. The cost of each feature is displayed in the Feature Buy pop-up and is based on the currently selected stake. Buying a feature does NOT contribute towards any Jackpots.

The calculated overall RTP in Feature Buy is 95.74%.

Total Stake

The Total Stake is the total of stakes per line. You can adjust it at any time, using the + or – buttons.

Spin the Reels

If you are playing on desktop, click the Spin button or press the spacebar to spin.

Speed up each reel spin by pressing spacebar again, or by clicking on the reels. For TURBO SPIN, hold down the spacebar or the Spin button.

Autoplay

Press the AUTO button to commence automatic play of the game at the currently selected stake. Select how many spins to play via the Total Spins Dropdown menu.

More Autoplay settings

Select the loss limit: The Autoplay will stop at the last spin before the loss limit is reached. The Autoplay loss limit should be higher than your stake.

Expand the AUTOPLAY dialog by choosing MORE AUTOPLAY SETTINGS. Here you can select additional criteria for the AUTOPLAY stop including - Stop if single win exceeds certain amount; Stop on Bonus Feature.

Jackpot Game

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. The chances of winning a jackpot increase in correlation with the size of the stake played. Jackpot prizes are not affected by any game features e.g. multipliers are never applied to jackpots. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

The rules for Jackpot discontinuation and Jackpot fund allocation are defined by each Operator at their own discretion.

Progressive Jackpot

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. The jackpot does not have a ceiling value. The odds of winning the jackpot increases with the size of the jackpot and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin

General types of games

Check the pays menu in the game payable if you are not sure of the game type.

The values related to each symbol, shown either on the slot scene or on the dedicated Symbol Wins pages of the Pays menu, represent stake multipliers and not credits.

If you are playing a Lines game, the prize value from one payline is equal to the total stake divided by the number of paylines, multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple win lines, the total win values are

summed. If more than one win occurs on the same payline, the largest win is paid. Each individual payline can pay only once per spin.

Example: Total stake is 2. Total paylines are 20. Symbol multiplier for length of 5 is 300. The win for 1 payline with this symbol and length would be calculated as such: $2 / 20 * 300 = 30$.

If you are playing a Ways, a MegaWays or a Cluster game, the prize value from one way or cluster in a Ways or Winning Clusters game is equal to the stake multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple ways or clusters, the total win values are summed.

Example: Total stake = 2. Symbol win multiplier = 2. Win = $2 \times 2 = 4$.

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin. If you are playing a Scatter Pays game only the highest winning combination is paid per symbol.

Please be aware that each account allows only a single game to be played at any one time. Therefore, a game should not be played on more than one device, or multiple games on the same device simultaneously. Doing so may lead to various errors.

In case of an incomplete game round due to connection loss where the result has not yet occurred, the game will generate an outcome for the round, which will be shown upon restoring of connection and the result will be visible in the Game History after refreshing the game.

In case of an incomplete game round due to connection loss where the result has occurred, but the player could not be informed of this fact, the game will inform the player of the outcome upon refreshing of the game and the result will be visible in the Game History.

For the best gaming experience, use of the latest version of software is recommended. Malfunction voids all pays and plays.

The RTP is $\approx XX.XX\%$ which includes base game RTP and jackpot contribution.

Minimum stake: \$xx.xx

Maximum stake: \$xx.xx
