Hot Spot Reels

- The game is played with three regular reels and two additional Hot Spot reels that are located on either side of the regular reels and spin together with the regular reels.
- Hot Spot reels are not covered by bet lines and symbols on Hot Spot reels cannot be part of a winning combination.
- In the main game, only high win symbols and blank spaces can appear on the Hot Spot reels. In Free Spins, both high win symbols and low win symbols can appear on the Hot Spot reels.
- In Free Spins, a Wild symbol may appear on the left Hot Spot reel. Wild symbol matches any symbol on the right Hot Spot reel.

Land and Expand Feature and Re-Spins

- In the main game and in Free Spins, matching symbols landing on both Hot Spot reels and at least two regular reels award the Land and Expand feature and a Re-Spin.
- In the Land and Expand feature, all symbols that activated the feature on the regular reels expand to cover their entire reels.
- Land and Expand feature is played out after all wins have been evaluated and before the Re-Spin starts.
- Regular reels with expanded symbols and Hot Spot reels are locked and do not spin during the Re-Spin.
- If all three regular reels are locked and do not spin, wins are evaluated immediately after the Land and Expand feature.
- The same symbol that activated the Land and Expand feature landing on the unlocked reel during the Re-Spin also expands to cover the entire reel. The wins from the Re-Spin are evaluated after the symbol expansion.
- In Re-Spins, if there are exactly two regular reels covered with the symbol that activated the Re-Spin, these reels are considered to be reels 1 and 2 for the purposes of win evaluation. For example, if reels 1 and 3 are covered with the symbol that activated the Re-Spin, reel 3 is considered to be reel 2, and the wins are evaluated accordingly.
- Re-Spin is played at the same bet as the spin that activated the Re-Spin.
- Free Spins and a Re-Spin cannot be activated in the main game simultaneously.
- If a Re-Spin was activated in the main game, any Re-Spin wins are added to any wins from the initial spin.
- If a Re-Spin was activated in Free Spins, any Re-Spin wins are added to any wins from the round that activated Free Spins.

Free Spins

- Scatter symbols can appear anywhere on the regular reels in the main game and only on reel 3 in Free Spins.
- 3 Scatter symbols appearing anywhere on the regular reels in the main game activate 8 Free Spins.
- In Free Spins, a Scatter symbol landing on reel 3 awards 2 additional Free Spins and expands all regular reels, increasing their height by 1. Regular reels are expanded alternately upwards and downwards, starting with upwards.
- The maximum height of the regular reels in Free Spins is 7. If the regular reels are already at maximum height, a Scatter symbol landing on reel 3 still awards 2 additional Free Spins.
- There is no maximum number of Free Spins.
- When the height of the regular reels is increased, additional fixed bet lines are activated up to a maximum of 29. A bet line is active if it covers at least two open positions in succession from the leftmost reel to rightmost reel.
- The height of the regular reels is increased before wins are evaluated and any Re-Spins are awarded.
- Free Spins are played at the same bet as the round that activated Free Spins.

- At the end of Free Spins, the total win from Free Spins is added to any wins from the round that activated Free Spins.
- At the end of Free Spins, the game returns to the round that activated Free Spins.

Buy Feature

- Free Spins can be activated with the Buy Feature (not offered by all operators).
- Activating Free Spins costs 80 times the bet.
- When Free Spins are activated with the Buy Feature, one free main game spin that is guaranteed to activate Free Spins is played.
