AUTOPLAY

If this game contains an AUTOPLAY function that allows the player to select a number of spins to be played out autonomously, without any further player input. All necessary options, as determined by jurisdictional requirements, need to be configured by the player prior to setting AUTOPLAY in motion.

To begin AUTOPLAY, select the AUTOPLAY button from the game screen.

Once the AUTOPLAY menu has opened, the player will configure AUTOPLAY to their desired specifications.

The selection "NUMBER OF AUTOSPINS" will determine the number of spins to be played automatically.

When the spins configured by the player's selection in "NUMBER OF AUTOSPINS" are completed, AUTOPLAY will stop.

In certain jurisdictions, players will be required to set the options "STOP WHEN LOST MORE THAN ..." and "STOP ON A SINGLE WIN OVER ..." in addition.

The selection "STOP WHEN LOST MORE THAN ..." will stop AUTOPLAY after a player has lost the total amount selected.

The selection "STOP ON A SINGLE WIN OVER ..." will stop AUTOPLAY after a player has won the total amount selected on a single spin.

AUTOPLAY will stop when the conditions met in any of "NUMBER OF AUTOSPINS", "STOP WHEN LOST MORE THAN ...", and/or "STOP ON A SINGLE WIN OVER ...".

Once the player has configured AUTOPLAY to their desired specifications, they will select the START button, which will set the reels into motion.

At any time after this point, the player can select the STOP button to stop the remaining AUTOPLAY spins.

Once stopped, AUTOPLAY will need to be reconfigured through the AUTOPLAY menu in order to take advantage of this feature.

The player can exit the AUTOPLAY menu at any time by selecting the CANCEL button.

A bonus event will stop the Autoplay.
