All tournaments are subject to regulatory approval. Guarantees are not applicable during typhoon. 3% of all tournament and satellite prize pools are held to offset tournament staffing costs. All tournaments may have a day added or subtracted at Tournament Director discretion. A shot clock will be implemented from the start of the final table, each player will receive 4 (30 seconds) time bank. Players registering late, alternates and re-entries will be issued a full starting stack. Event #5 - Survivor Knockout When the number of players in the game drops down to 20% of the total field, a bounty of ₱15K will be introduced per player. The remaining amount in the prize pool will go to the Main Pool. Once Bounty Chips are in play, a player will receive one (1) bounty chip upon eliminating another player. Approximately 15% rounded to nearest one of the fields will be paid based on PokerStars payout structures. Event #11 - PLO Knockout - ₱5K Bounty for every player eliminated

#17 Mystery Bounty Rules One ₱120,000 APPT Manila Package included in the Mystery Bounty payout taken from the prize pool. ₱7,243 Tournament Prizepool ₱3,000 Mystery Bounty ₱1,440 Admin Fee ₱317 Staffing Cost Mystery Bounties will commence once players are in the money (ITM) and all will receive a Mystery bounty token at the start of play. The Mystery Bounty prize pool will be calculated on a % basis and announced after the registration is closed.

Mystery Bounty prizes will be subject to the same pay-out rules as tournament prizes. The Mystery Bounty prize amounts will be displayed on the Mystery Bounty electronic wheel app posted in a designated area. Players who eliminate other players will collect the Mystery Bounty token from the eliminated player. The Mystery Bounty token will be used by the player to randomly draw a mystery bounty prize through the Mystery Bounty electronic wheel app. As each prize is drawn, the prize will be removed from the Mystery Bounty electronic wheel, so all players will always know which prizes remain. The player must show the tournament entry ticket and ID to draw his/her Mystery Bounty prize. Players have the sole responsibility for their bounty token, a lost token will not be replaced, Tournament staff will make reasonable effort to assist, but we are not liable. In the event of a deal where the play ends, each player will have their own bounty token to draw. In the event of a deal where play continues, we will follow the same rules of elimination. If multiple players eliminate another player with the same hand, the bounty token will be split. Bounties must be redeemed before the conclusion of the bounty tournament.

Event #18 - PokerStars Swap Hold'em The game follows the rules of Texas Hold'em, but with one significant difference. Before any player can choose to fold, they have the option to swap out one or both of their hole cards for new ones, once per hand, free of charge. This can be done at any point during the game, whether it is pre- or post-flop, except if the player is already all-in. Players can decline the offer to swap if they prefer to keep their original cards. The dealer will provide a swap button for each player to indicate their intention to swap cards.
