Example of a Way to Win payout at level 1

Avalanche™ Feature

- The symbols fall into positions on the reels, instead of spinning.
- A bet way win starts an Avalanche™.
- Symbols in winning combinations explode and disappear, leaving space for a second Avalanche™ of symbols for a chance of bigger wins.
- The Avalanches™ continue until there are no more wins.

Wild

- Wild symbols substitute for all symbols.
- Wild symbols substitute for the highest possible winning combination on a bet way according to the **PAYTABLE**.

The Wild Generation

- A symbol that lands on the top of reels 2, 3 or 4 and is part of a winning combination, turns into a Wild symbol for the next Avalanche.
- Wild symbols that are situated on the top of reels 2, 3 or 4 and that are involved in a winning combination will not disappear, but will remain being Wilds for the next Avalanche.

Multiplier

- The Avalanche Multiplier increases by 1 with every 3 successive Avalanches containing at least one bet way win, up to a maximum multiplier of x10.
- The multiplier remains at the maximum for the subsequent Avalanches until there are no more wins.
