- Only the highest win per bet line is paid.
- Bet line wins pay if in succession from the leftmost reel to the rightmost reel.

## Wild Spins

- Wild Spins are played at the same bet level and coin value as the round that activated Wild Spins.
- The number of Wild Spins awarded is according to the Paytable.
- The Total Win field includes any wins during Wild Spins added to any wins from the round that activated Wild Spins.

## Wild Spins Features

- 3 or more matching chest symbols appearing consecutively on a winning betline in the main game, award one of 4 Wild Spins features per spin: Stacked Wilds, Colossal Wilds, Linked Wilds and X2 Multiplier Wilds.
  - Stacked Wilds – Red Chest Symbol. When this feature is activated, Wilds on the reels appear in stacks of length 4.
  - Colossal Wilds – Green Chest Symbol. When this feature is activated, all Wilds appear as 2x2 Colossal symbols.
  - Linked Wilds – Pink Chest Symbol. When this feature is activated, the leftmost and rightmost Wilds appearing on the same horizontal row transform all symbols, including chest symbols, between them into Wilds.
  - X2 Multiplier Wilds – Blue Chest Symbol. When this feature is activated, all wins which include at least one Wild are multiplied by 2.
- The number of Wild Spins awarded is equal to the number of chest symbols in a win.
- For every Wild Spin won, the corresponding Wild Spin counter is filled.
- It is possible to win 1 – 4 different Wild Spins in one game round. For example, if you get a win with 3 red chest symbols and 5 blue chest symbols, then you will get 3 spins with both

Stacked Wilds and X2 Multiplier Wilds, and the 2 additional spins containing only X2 Multiplier Wilds.

## Wild Spins Retrigger

- Wins on chest symbols in Wild Spins award extra Wild Spins with the corresponding feature, one Wild Spin for each occurrence of the chest symbol on the winning betline.
- In Wild Spins, Wild symbols substitute for all symbols for coin payout, however they are not counted in Chest wins when additional spins are calculated and awarded.
- The same chest symbol can only be counted once, so wins on multiple betlines do not increase the number of extra Wild Spins.
