

## 6 Tokens of Gold: Mystery Joker Link&Win™

### About this Game

This is a 5 reel 3 row video slot game.

The objective of the game is to spin the reels so the symbols land in different combinations.

Winning combinations are highlighted on the reels and a payout is awarded.

### Payline Rules

This game includes 25 paylines.

The number of paylines played is fixed.

A payline is a pattern of adjacent symbol positions that runs in a line across the reels.

A win is awarded when matching symbols land adjacent to each other on a payline.

Payline wins run from left to right, starting from the first slot reel.

### Bet Rules

Each spin played costs a total bet amount.

The initial bet is the current total bet divided by the payline cost of 10.

### Payout Rules

Payline win payouts are based on the initial bet placed.

The payout value is based on the winning combination formed.

If multiple winning combinations land on a single payline, only the highest win is awarded.

The total payout is the sum of all payline wins resulting from a spin.

The Paytable displays the payout for each symbol combination based on the current bet.

The win over value displayed is rounded down, and is approximately the highest possible win achievable on a single spin.

### Wild Symbols
