

## **SPECIAL SYMBOLS AND FEATURES**

### **MEGAWAYS™**

The number of possible win ways varies per spin according to the total number of individual symbols which land on the reels, with a maximum potential of 117,649 Megaways™ to win!

### **CHAIN REACTION**

Symbols forming wins disappear, making way for new symbols to drop in that may form new wins. There is no limit to the possible chain reactions.

### **WILD**

The WILD substitutes for all paying symbols.

Lands on reels 2, 3, 4 and 5. Expands on the entire reel and holds a symbol MULTIPLIER of between x2 and x7 showing the number of symbols it represents in the ways calculation.

### **TRILLIONAIRE**

The TRILLIONAIRE scatter lands only on the 6th reel in the base game. He awards the cash prizes of all PRICE TAG scatters and the bonus prizes related to the GIFT BOX scatters present on the reels.

### **PRICE TAGS**

PRICE TAG scatters land on reels 1, 2, 3, 4 and 5. They hold a random cash prize representing a stake MULTIPLIER. The possible MULTIPLIERS are 0.5x, 1x, 2x, 3x, 5x or 10x the current stake.

When 1 or more PRICE TAG scatters are present on the reels together with the TRILLIONAIRE, their combined cash prize is paid out.

### **GIFT BOXES & BONUS PRIZES**

There are 4 GIFT BOXES with bonus prizes positioned above the reels. They each hold a stake MULTIPLIER prize as follows:

MINI – 25x

MIDI – 100x

MAXI – 1000x

MEGA – 10,000x

The bonus prizes are won by landing the corresponding number of GIFT BOX scatters indicated on each bonus together with the TRILLIONAIRE scatter as follows:

1 GIFT BOX – MINI

2 GIFT BOXES – MIDI

3 GIFT BOXES – MAXI

4 GIFT BOXES – MEGA

GIFT BOX scatters land on reels 1, 2, 3, 4 and 5.

## **FREE SPINS**

Landing 3 or 4 FREE SPINS scatters on reels 2, 3, 4 or 5 triggers 10 FREE SPINS. When triggered by 3 scatters, the bonus is played on a 6x3 grid. When triggered by 4 scatters, the bonus is played on a 6x4 grid.

Each position of the grid is a separate reel during FREE SPINS. Only PRICE TAG, GLAMOUR GIRL and TRILLIONAIRE symbols may land during the feature.

Once the number of remaining FREE SPINS is down to 3, the bonus transitions into a Hold & Respin phase where each new symbol that lands resets the number of the remaining FREE SPINS back to 3.

When a PRICE TAG symbol lands it stays on the grid until the end of the bonus round or until collected by the GLAMOUR GIRL symbol.

When a GLAMOUR GIRL symbol lands it collects all PRICE TAG symbols on the grid and stores their combined value. Collected PRICE TAG symbols are removed from the grid.

The GLAMOUR GIRL symbol remains on her position until the end of the feature, collecting any new PRICE TAG symbols that land. If 2 or more GLAMOUR GIRL symbols are present on the grid, each of them collects the value of all PRICE TAG symbols that land. GLAMOUR GIRL symbols do not collect each other's values.

When 1 or more TRILLIONAIRE symbols land, each of them doubles the amount of all PRICE TAG and GLAMOUR GIRL symbols on the grid.

If the total cash prize reaches 10,000x, a Trillionaire symbol cannot land for the remainder of the bonus round.

The bonus round ends after it has transitioned into the Hold & Respin phase and no symbol of any kind lands for 3 consecutive spins, or all positions on the reels are filled with locked symbols.

## **HOW TO PLAY TRILLIONAIRE MEGAWAYS™**

### **FEATURE BUY**

The feature starts automatically after your confirmation. If you refresh the game during the feature you will receive the end result. The Buy Feature is activated immediately after clicking the "buy" button. The cost of each feature is displayed in the Feature Buy pop-up and is based on the currently selected stake. Buying a feature does NOT contribute towards any Jackpots.

The calculated overall RTP in Feature Buy is 95.65%.

## Total Stake

The Total Stake is the total of stakes per line. You can adjust it at any time, using the + or – buttons.

## Spin the Reels

If you are playing on desktop, click the Spin button or press the spacebar to spin.

Speed up each reel spin by pressing spacebar again, or by clicking on the reels. For TURBO SPIN, hold down the spacebar or the Spin button.

## Autoplay

Press the AUTO button to commence automatic play of the game at the currently selected stake. Select how many spins to play via the Total Spins Dropdown menu.

## More Autoplay settings

Select the loss limit: The Autoplay will stop at the last spin before the loss limit is reached. The Autoplay loss limit should be higher than your stake.

Expand the AUTOPLAY dialog by choosing MORE AUTOPLAY SETTINGS. Here you can select additional criteria for the AUTOPLAY stop including - Stop if single win exceeds certain amount; Stop on Bonus Feature.

## Jackpot Game

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. The chances of winning a jackpot increase in correlation with the size of the stake played. Jackpot prizes are not affected by any game features e.g. multipliers are never applied to jackpots. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

The rules for Jackpot discontinuation and Jackpot fund allocation are defined by each Operator at their own discretion.

## Progressive Jackpot

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. The jackpot does not have a ceiling value. The odds of winning the jackpot increases with the size of the jackpot and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

## General types of games

Check the pays menu in the game payable if you are not sure of the game type.

The values related to each symbol, shown either on the slot scene or on the dedicated Symbol Wins pages of the Pays menu, represent stake multipliers and not credits.

If you are playing a Lines game, the prize value from one payline is equal to the total stake divided by the number of paylines, multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payline, the largest win is paid. Each individual payline can pay only once per spin.

Example: Total stake is 2. Total paylines are 20. Symbol multiplier for length of 5 is 300. The win for 1 payline with this symbol and length would be calculated as such:  $2 / 20 * 300 = 30$ .

If you are playing a Ways, a MegaWays or a Cluster game, the prize value from one way or cluster in a Ways or Winning Clusters game is equal to the stake multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple ways or clusters, the total win values are summed.

Example: Total stake = 2. Symbol win multiplier = 2. Win =  $2 \times 2 = 4$ .

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin. If you are playing a Scatter Pays game only the highest winning combination is paid per symbol.

Please be aware that each account allows only a single game to be played at any one time. Therefore, a game should not be played on more than one device, or multiple games on the same device simultaneously. Doing so may lead to various errors.

In case of an incomplete game round due to connection loss where the result has not yet occurred, the game will generate an outcome for the round, which will be shown upon restoring of connection and the result will be visible in the Game History after refreshing the game. In case of an incomplete game round due to connection loss where the result has occurred, but the player could not be informed of this fact, the game will inform the player of the outcome upon refreshing of the game and the result will be visible in the Game History.

For the best gaming experience, use of the latest version of software is recommended. Malfunction voids all pays and plays.

The RTP is  $\approx XX.XX\%$  which includes base game RTP and jackpot contribution.
