### Wild Symbol

- Wild symbols can appear as stacks or Colossal symbols anywhere on the reels in the main game and in Strolling Staxx Re-Spins, and substitute for all symbols.
- Wild symbol substitution pays the highest possible winning combination on a bet line according to the Paytable.

### Colossal Symbols

- Any symbol can appear as a single symbol or a 2x3 or 3x3 Colossal symbol.
- Colossal symbols can appear anywhere on the reels in the main game and in Strolling Staxx Re-Spins.

- Colossal symbols are fully or partially displayed depending on how the reels land. After landing, the Colossal symbol splits into 2 to 9 single symbols.
- Any part of a Colossal symbol included in a winning bet line pays according to the Paytable.

### Strolling Staxx Re-Spins

- If one or more reel is covered with the same symbol, creating a stack of symbols, Strolling Staxx Re-Spins are activated.
- The Staxx Sign shows the symbol that can land covering an entire reel during each spin.
- Wild symbols do not substitute for any other symbol for creating a stack of symbols.
- During the Strolling Staxx Re-Spins all stacks of symbols and connected symbols move one reel to the left on each spin until all stacks disappear from the leftmost reel.
- A symbol is connected to the stack if it is the same symbol as the stack and is adjacent to the stack or a reel with a connected symbol.
- Example of connected symbols:

- After each Strolling Staxx Re-Spin the wins are evaluated.
- If during the Strolling Staxx Re-Spins more stacks of symbols appear on the reels, Strolling Staxx Re-Spins are re-activated.
- When the last stack of symbols disappears from the leftmost reel, the reels re-spin one more time. If during this Strolling Staxx Re-Spin no more stacks of symbols appear on the reels, the Strolling Staxx Re-Spins end.
- Strolling Staxx Re-Spins are played at the same bet level and coin value as the round that activated the Strolling Staxx Re-Spins.
- The Total Win field includes any wins during the Strolling Staxx Re-Spins added to any wins from the round that activated the Strolling Staxx Re-Spins.

### Bonus Bet & Extra Chance

- If Bonus Bet is activated, the game is played with 15 coins per bet level and the Extra Chance can be activated.
- The Extra Chance is activated when Strolling Staxx Re-Spins are activated not by landing a 3x3 Colossal symbol.
- Any bet line wins are evaluated before the Extra Chance spin.
- During the Extra Chance, overlay 3x3 Colossal symbols can fully or partially land on the reels.
- After the Extra Chance spin, no wins are evaluated and the Strolling Staxx Re-Spins start.
