Symbol Wins

A win is matching consecutive symbols, regardless of height, from left to right starting from left most reel.

Highest win paid per winning combination. All winning combinations are added together. See PAYS for further information.

Extra Reel

The Extra Reel adds a symbol to the reel it is below for reels 2, 3, 4 and 5.

Reactions

All winning symbols except Scatters are part of a reaction and are replaced by symbols coming from above on the reels and from the right in the Extra Reel.

Wild

Wild substitutes for every symbol except Scatter and Terminator. When the reels stop spinning one Wild may duplicate. If a Wild Duplication occurs, all symbols on that vertical reel are replaced by Wilds. During Free Spins, every Wild that is added to the reels by Wild Duplication gains a multiplier up to x5.

Wins are multiplied by the displayed Wild multiplier for each Wild that substitutes in the win.

Wild does not occur on reels 1 and 6.

Scatter

3 or more Scatters trigger the Heart Bonus round.

Scatters do not occur in the Extra Reel.

Scatters do not occur in the Free Spins.

Heart Bonus Round

20 individual reels are displayed, each of which can reveal either a blank result or a Heart.

Before the reels start to spin one Heart is awarded for each Scatter that triggered the bonus.

The Heart Bonus round commences with 3 respins. When one or more Hearts are awarded the number of respins remaining resets to 3.

When there are no respins remaining, or if the maximum of 20 Hearts has been awarded, then the Heart Bonus is complete and Free Spins are initiated.

During the Free Spins each Heart is a life which allows Free Spins to continue playing.

Free Spins

During Free Spins there is an unlimited win multiplier which starts at 1 and is increased by 1 after each reaction.

Free Spins continue as long as there are any lives remaining. The number of lives remaining is shown above the reels.

A Terminator symbol may occur on Reel 6. Each Terminator symbol that appears reduces the lives remaining by one.

If there is a win then the Terminator symbol becomes part of the reaction and is replaced by a symbol coming from above. The Terminator symbol does not occur in the base game.

The stake that was used to trigger the Free Spins will be used for the Free Spins duration.

At the end of the Free Spins, the total winnings for the spins will be displayed. Any winnings will be credited into the players account and regular play then resumes.

Return to Player (RTP)

The Return to Player (RTP) is the theoretical statistical percentage of the total money bet in a game that is paid out as winnings over time. Values are calculated initially by dividing the total payouts by the total bets from a simulation of numerous game rounds. Values reflect the maximum expected RTP and do not change.

The RTP is defined at different stages or modes of the game.

Overall RTP: 96.27%

Bonus Buy RTP: 96.36%
