Unfinished Games

If your game round is disrupted, all game information and placed bets are stored until you re-open the game. You may continue your unfinished round from the point of interruption. Unresolved bets placed but remaining undecided in incomplete games will become void after 30 days. Malfunction voids all pays and plays.

Information

Payline wins occur on the number of selected paylines, according to the information in the paytable and game rules. When winning on multiple paylines in a single game round, all winnings are added together. All winnings from Features (such as Free Spins), Bonus Games and/or Scatters (if applicable) are also added to payline wins. All winning combinations are paid out at the end of a game round. Free Spin features are played with the same bet and same number of selected lines as the game round that triggered the feature – unless otherwise stated. The bet cannot be changed during a currently running game round. Please refer to the game rules for more information.

Game Rules

Legacy of Inca is a 5-reel video slot game with 20 paylines.

The game includes a Wild symbol and a Scatter symbol. The Wild symbol substitutes for any other reel symbol except the Scatter symbols to help comprise winning combinations.

Three or more Scatter symbols anywhere on the reels will trigger the Wheel of the Gods – a spinning wheel which determines how many Free Spins are awarded. Players can initially win 3, 4, 5, 6, 7, 8, 9, 10, 15 or 20 Free Spins. At the start of each Free Spin between 1 and 9 Wild symbols are added to the second, third and fourth reels. Wilds can also land via reelspin on reels 1 and 5 only.

Two Scatter symbols during a Free Spin will award Temple Spins – Free Spins within the Free Spin round, which retain the number of Wilds to be added on each spin from the triggering spin. The amount of Temple Spins awarded is determined by the Wheel of the Gods and can be 3, 4, 5, 6, 7 or 8. Further Temple Spins cannot be triggered from within Temple Spins. Wilds can also land via reelspin on reels 1 and 5 only during Temple Spins. There are no Scatter symbols in Temple Spins. The maximum number of Free Spins (including Temple Spins triggered within the same Free Spins) is 55 spins.

Bets are selected using the bet buttons. Click the plus and minus buttons to change the bet one step at a time. To start the round, click SPIN. When the reels stop, the symbols displayed determine your prize according to the paytable.

Any combination of wins resulting from a single game cycle, including the results of any possible triggered bonuses, is capped at a maximum of 6500 times total bet.
