

Cash Falls: Add 'Em Up – Chariots of Rome

Game Overview

- Reel Layout: 5 reels with a unique 4-4-6-6-8 symbol configuration.
- Return to Player (RTP): Varies by version—90%, 94%, or 96%.
- Bet Range: Minimum bet of \$0.20; maximum bet of \$20.00.

Cash Falls Feature

- When every position on a reel is filled with coin symbols, the Cash Falls feature is triggered.
- This awards the total prize value of all coins on that reel.
- Coins that land are held for the next 3 spins.
- The number of remaining spins coins are held for is displayed at the bottom of the reel.
- The counter decreases by one for each consecutive spin where no new coins land on that reel.
- After the Cash Falls feature is triggered, the coins on that reel are no longer held.

Add 'Em Up Coins

- When an Add 'Em Up coin lands on a reel, it collects the values of all other coins on that reel, excluding the Jackpot Wheel Coin.
- If multiple Add 'Em Up coins land on the same reel during a single spin, they are evaluated one at a time from top to bottom, and each includes the value of any previous Add 'Em Up coin.

Jackpot Coins & Jackpot Wheel

- Landing a Jackpot Coin awards the prize displayed in the jackpot meter.
- If a Jackpot Wheel Coin is awarded, the Jackpot Wheel feature is triggered, offering the chance to win:
 - Mini Jackpot: 3x–20x multiplier
 - Minor Jackpot: 2x–10x multiplier
 - Major Jackpot: Fixed value
 - Mega Jackpot: Fixed value

Free Games (Free Spins)

- Landing 3, 4, or 5 bonus symbols awards 1x total bet and triggers 10, 12, or 15 free games, respectively.
- During free games:
 - Any coins that land are held for the remainder of the Free Games.

- At the conclusion of the Free Games, the cash value or jackpot displayed on each coin is awarded.

Pick Feature (During Free Games)

- If every position on a reel is filled with coins during Free Spins, the Pick Feature is triggered for that reel before prizes are awarded.
- Players pick coins that can reveal:
 - More Credits: Adds a credit prize to a random coin on the reel.
 - Mini or Minor Jackpot: A coin appears above the reel, adding that jackpot value to the reel win.
 - Multiplier (2x–5x): All current coin values on the reel, including Mini/Minor above the reel, are multiplied.
 - Collect: Ends the Pick Feature.
- Picks continue until 'Collect' is revealed, with a maximum of 5 picks.
