

- Reel Rush Touch™ is a 5-reel video slot featuring Wild substitutions, re-spins and Free Spins with up to 3125 ways to win.
- The game is played with 45 to 3125 ways to win and different bet values.
- There are no bet lines.
- The bet level is set using the Bet level slider. Note: available only in case of multiple bet levels.
- **COINS** displays the number of coins available to wager.
- A symbol win in coins is equal to the value shown in the **PAYTABLE** multiplied by the bet level and the amount of times that symbol appears on each of the reels.
- The total win in currency is equal to the total win in coins multiplied by the coin value.
- **AUTOPLAY** automatically plays the game for the selected number of rounds.
- Winning combinations and payouts are made according to the Paytable.
- Matching symbols in any position on three or more adjacent reels, starting from leftmost reel to the rightmost reel is a winning combination.
- Only the longest matching combination per symbol is paid.
- More wins are created when additional instances of the same symbol appear on the same reels that create the longest way to win.
- Simultaneous wins for different symbols are added.
- All wins pay on ways to win only.
- For the total symbol win, multiply the number of matching symbols appearing on one reel by the number of matching symbols on each other reel in the longest winning combination. Multiply the result by the coin win amount for the longest winning symbol combination according to the **PAYTABLE**. The total win for the spin is the sum of symbol wins for each symbol type.

Example of a Way to Win payout at level 1

- The longest winning combination of consecutive pineapple symbols is 3 symbols on adjacent reels 1-3. The number of winning combinations is calculated by multiplying the number of pineapple symbols on each of these reels: $1 \times 1 \times 3 = 3$ winning combinations.

Wild

- Wild symbols only appear on reels 2, 3, 4 and 5 in the main game and in Free Spins.
- Wild symbols substitute for all symbols.

Reel Configuration and Ways to Win
