

AGES OF FORTUNE

1. WILD MULTIPLIER

- There are Egyptian, Mayan and Cambodian WILD symbols on the reels. Multiply your total win (eg. Base win + pyramid bonus) x2 or x3 with 2 or different WILDs landed respectively. If a multiplier is given before entering the Free Spins feature, that multiplier carries over and multiplies your total win (no more than x2 for free spins).

2. FREE SPINS BONUSES

- There are EGYPTIAN, MAYAN and CAMBODIAN scatter symbols on reels 1, 3 and 5. 3 equal scatters landed trigger 10 free spins for the respective free spins bonus. In the bonus no scatters on the reels land and only the respective type of WILD lands. Each type of Free Spins Bonuses is available to be won in the Pyramid Bonus game.
- EGPYT FREE SPINS
Every Egyptian WILD landed locks to stay over the spinning reels during the bonus. The same goes for the Egyptian WILDs that landed on the free spins winning screen.
- MAYAN FREE SPINS
Extra mystery symbols rotates to reveal equal paying symbol at random in bonus.
- CAMBODIA FREE SPINS
The Cambodian WILD symbol landed expands to 2x or 3x Big Stacked WILD at random.

3. PYRAMID BONUS

- 3 different scatters on reels 1, 3 and 5 starts the pyramid bonus game with 15 prizes to win, which can include various bonus features and multiplier prizes ranging from 4x to 500x the current stake value.
- There are 9 multipliers up to 50x the stake, 2 WILD re-spin bonuses, 3 free spins bonuses and one fortune win of 500x. On each round the game eliminates 2 prizes, offers you a special multiplier prize and then it is up to you if you COLLECT to win or REJECT for a chance to win bigger. At the last round you win the single prize left. The best strategy is to REJECT any offers during the bonus.

4. WILD RE-SPINS BONUS

- 2 equal scatters plus 1 different scatter on reels 1, 3 and 5 start the bonus. The scatters turn to WILDs of the same type awarding x2 multiplier guaranteed. The WILDs create winning lines and lock the reels, while the rest re-spins. Each new landed WILD locks that reel and re-spins again. Any WILD re-spin bonus prize in the pyramid bonus game will always change the main spin multiplier to x3.

5. GAME RULES

- Play with 10 fixed lines
- Adjust your total stake and spin the reels! The reels will spin and stop on a random position. The total stake is the total of stakes per line. You can adjust it at any time, using the + or – buttons.
- This game saves its state for 5 calendar days, starting from the date of the last action taken. At times when the game remains uncompleted after 5 days, the auto complete functionality will finish the action. Any winnings will automatically be added to the user's balance.
- The prize value of a single payline is equal to the total stake divided by the number of total paylines for the game, multiplied by the symbol multiplier presented in the payable. In cases where multiple wins occur on multiple win lines in the same spin, their total win values are summed. If more than one win occurs on the same payline, only the largest win is paid. If there is a scatter symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same line.
- The RTP value in this game is strategy dependent and ranges between 88.31% and 94.97%
- Malfunction voids all pays and plays.
