The Mystery Bounty prize pool will be calculated on a % basis and announced after the registration is closed.

Mystery Bounty prizes will be subject to the same pay-out rules as tournament prizes.

The Mystery Bounty prize amounts will be displayed on the Mystery Bounty electronic wheel app posted in a designated area.

Players who eliminate other players will collect the Mystery Bounty token from the eliminated player.

The Mystery Bounty token will be used by the player to randomly draw a mystery bounty prize through the Mystery Bounty electronic wheel app.

As each prize is drawn, the prize will be removed from the Mystery Bounty electronic wheel, so all players will always know which prizes remain.

The player must show the tournament entry ticket and ID to draw his/her Mystery Bounty prize.

The lost Mystery Bounty token will not be replaced. There are security protocols in place, for the distribution, collection, and tracking of the Mystery Bounty Tokens.

Tournament staff will investigate any lost tokens to try and resolve the situation but there is no guarantee that lost tokens will be replaced

In the event of a deal where the play ends, each player will have their own Mystery Bounty token to draw.

In the event of a deal where play continues, we will follow the same rules of elimination.

If multiple players eliminate another player with the same hand, the Mystery Bounty token will be used to draw the Mystery Bounty prize and it will be split.

Mystery Bounty token must be redeemed by the end of the festival dates.
