Unfinished Games

If your game round is disrupted, all game information and placed bets are stored until you re-open the game. You may continue your unfinished round from the point of interruption. Unresolved bets placed but remaining undecided in incomplete games will become void after 30 days. Malfunction voids all pays and plays.

Information

Way wins are awarded for adjacent symbol combinations, according to the information in the payable and game rules. When winning on multiple ways in a single game round, all winnings are added together. All winnings from Features (such as Free Spins), Bonus Games and/or Scatters (if applicable) are also added to way wins. All winning combinations are paid out at the end of a game round. Free Spin features are played with the same bet as the game round that triggered the feature – unless otherwise stated. The bet cannot be changed during a currently running game round. Please refer to the game rules for more information. All wins pay left to right, beginning with the left-most reel. Only the highest win is paid per winning symbol combination.

The Gold Piggy can award an instant prize randomly in the game round when a Cash Coin is collected. The size of the Gold Piggy does not relate to the prize, it is completely random.
