

SPECIAL SYMBOLS AND FEATURES

WILD

Substitutes for all paying symbols and counts as the symbol which forms the highest winning combination on a single win line.

BONUS SCATTER

The BONUS scatter lands only on the middle reel. Landing it triggers the WHEEL BONUS game.

WHEEL BONUS

In the WHEEL BONUS game, spin the wheel to get the prize it stops on. The sectors hold stake MULTIPLIER prizes.

WHEEL RESPIN

Some sectors on the wheel also have a respin icon in addition to the prize. Landing on a sector with a respin icon awards one more spin on the same wheel in addition to the awarded prize.

WHEEL UPGRADES

A progress bar with 2 stages is placed above the reels. Each stage holds 3 lights. Triggering the WHEEL BONUS game activates one of the lights. Lighting up all 3 lights of a stage unlocks a new wheel in the BONUS game.

2 new wheels can be unlocked this way – the Super Wheel and the Mega Wheel.

When the Super Wheel is unlocked, 2 of the sectors in the base wheel transform into green UPGRADE sectors, which in addition to awarding a prize also grant an additional spin on the Super Wheel.

Once the Mega Wheel is unlocked UPGRADE sectors also appear on the Super Wheel, granting an additional spin on the Mega Wheel.

The base wheel holds the following prizes:

5x, 10x, 15x

The Super Wheel holds the following prizes:

10x, 15x, 20x, 25x, 30x, 40x, 50x

The Mega Wheel holds the following prizes:

30x, 40x, 50x, 60x 80x, 100x, 200x, 300x, 500x, 1000x

PRIZE MULTIPLIER REEL

The Super Wheel and the Mega Wheel also feature a MULTIPLIER reel above them. The MULTIPLIER reel shuffles random multiplier values of 2x, 3x, 4x, 5x, 10x and 20x or a diamond shape, which represents an empty position. The MULTIPLIER reel spins together with the wheel. Landing a MULTIPLIER will multiply the prize from the sector the wheel stops on accordingly.

HOW TO PLAY ULTRA RICH

Game Progress

Any progress features in the game, including symbols locked onto the reels which affect subsequent spins, are saved for your game at the stake level you are playing at.

You can have different progress levels at different stakes on the same game, and move between them by changing the stake.

If you are awarded free spins from a promotional campaign any progress in the main game including any locked symbols, will be saved and be available to continue playing at the same stake once the free spins have been completed.

Please note that this stateful game saves its state forever.

Total Stake

The Total Stake is the total of stakes per line. You can adjust it at any time, using the + or – buttons.

Spin the Reels

If you are playing on desktop, click the Spin button or press the spacebar to spin.

Jackpot Game

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. The chances of winning a jackpot increase in correlation with the size of the stake played. Jackpot prizes are not affected by any game features e.g. multipliers are never applied to jackpots. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity

issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

The rules for Jackpot discontinuation and Jackpot fund allocation are defined by each Operator at their own discretion.

Progressive Jackpot

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. The jackpot does not have a ceiling value. The odds of winning the jackpot increases with the size of the jackpot and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

General types of games

Check the pays menu in the game payable if you are not sure of the game type.

The values related to each symbol, shown either on the slot scene or on the dedicated Symbol Wins pages of the Pays menu, represent stake multipliers and not credits.

Winning combinations and payouts are made according to the Paytable.

If you are playing a Lines game, the prize value from one payline is equal to the total stake multiplied by the symbol multiplier advertised in the Paytable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payline, the largest win is paid. Each individual payline can pay only once per spin.

If you are playing a Ways or a Cluster game, the prize value from one way or winning cluster is equal to the payout advertised in the payable. Where multiple wins occur on multiple ways or clusters, the total win values are summed. If more than one win occurs on the same way or cluster, the largest win is paid.

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin.

If you are playing a Scatter Pays game only the highest winning combination is paid per symbol.

Please be aware that each account allows only a single game to be played at any one time. Therefore, a game should not be played on more than one device, or multiple games on the same device simultaneously. Doing so may lead to various errors.

In case of an incomplete game round due to connection loss where the result has not yet occurred, the game will generate an outcome for the round, which will be shown upon restoring of connection and the result will be visible in the Game History after refreshing the game.
