- **COINS** displays the number of coins the player has available to wager.
- **AUTOPLAY** automatically plays the game for the selected number of rounds.
- Winning combinations and payouts are made according to the Paytable.
- Bet line wins pay if in succession from leftmost to right.
- Bet line wins are multiplied by the number of coins bet per bet line.
- Only the highest win per bet line is paid.
- Simultaneous wins on different bet lines are added.
- Wild symbol only appears on reels 2, 3, and 4, and substitutes for all symbols.
- A bet line win in currency is equal to the win in coins multiplied by the coin value.
- A bet line win in coins is equal to the value shown in the Paytable multiplied by the bet level. This amount is also multiplied by any applicable multipliers.

### Avalanche™ Feature

- A winning bet line will start an Avalanche.
- Symbols in winning combinations explode and disappear, leaving space for a second Avalanche™ of symbols for a chance of bigger wins.
- The Wild multiplier increases with each new Avalanche in a game round, until it reaches the maximum multiplier and remains at the maximum multiplier for the subsequent Avalanches until there are no more wins.
- The Avalanches™ continue until there are no more wins.
- The Wild multiplier applies only to winning betlines where the Wild substitutes and where the betlines are completed by the Wild symbols.
- Several Wild Multipliers occurring on the same bet line are not added.
- The Wild multiplier does not affect the number of Free Falls won.
- The maximum Wild multiplier is x8 for both the main game and the Free Falls.
- Wins are collected when matching symbols appear on bet lines from the leftmost reel to the right, excluding Free Fall symbols.

### Free Fall

- Additional Free Falls can be won during Free Falls.
- In the main game and Free Falls, 3 Free Falls symbols on a bet line activates 10 Free Falls.

- Free Fall symbols must appear in succession on the bet line, starting from the leftmost reel.
- Free Falls use the same bet as the round activating Free Fall.
- Free Fall coin wins pay win x3.
- Free Fall symbols only appear on reels 1, 2 and 3.
- At the end of Free Falls, the total win from Free Falls is added to any wins from the round that activated Free Falls.
