Aces and Eights

Named after the 'Dead Man's Hand' that gunslinger 'Wild Bill' Hickok was holding when he was shot in the back of the head while playing poker at a saloon in Deadwood, South Dakota, in the late 1800's. This game is a popular Jacks or Better variation that offers a higher payout for getting four aces or four eights, and also a higher payout for getting four sevens. When the hand is over, you can choose to risk your payout using the Double Up feature, which can bring a win of up to four times the amount!
