Bet Definitions

• Current Bet: The current bet is the value that appears above

- **Minimum Bet:** The minimum bet is the lowest possible bet value, which is selected by pressing  until the bet value no longer decreases.
- **Bet Multiplier:** The bet multiplier is defined as the current bet divided by the minimum bet.

Additional Information

- The game outcomes are determined by a random number generator that has been certified by an approved test house.
- Incomplete games will be stored for a minimum of 15 minutes. Returning to an incomplete game allows the player to complete the incomplete game round. If a game is incomplete for longer than the stated time period, the game will be auto resolved and any winnings credited to the player's account.
- Misuse and malfunction voids all pays and plays.
- The above 2 points may be subject to further terms, conditions and processes of the gaming site operator.

Wins

- A winning play occurs when the ball goes through the hoop.

- 3 to 18 Currency Wins are awarded on a winning play.

Multiplier Feature

- If 10 or fewer Currency Wins are awarded on any winning play, the Multiplier Feature may randomly be activated.
- If the Multiplier Feature is activated, a random multiplier of x2, x3, x4, x5, x6, or x7 will appear. All Currency Wins will be multiplied by the random multiplier.
