

Game Basics

Divine Fortune Black™ is a 5-reel, 3-row video slot with Cash Prize collection, Re-Spins, the Expanding Symbols feature, two types of Free Spins, and the Elevate Feature with 4 options.

The game is played with 20 bet lines (fixed) that pay if in succession from the leftmost reel to the rightmost reel, without gaps. Simultaneous wins on different bet lines are added, and only the highest win per bet line is paid.

A bet line win is equal to the value shown in the Paytable. Symbol payout values shown in the Paytable are dynamic and change in accordance with the selected bet value.

Wild Symbols

Wild symbols can appear on reels 2, 3, and 4 in the main game and in one type of Free Spins (Divine Spins).

Wild symbols substitute for all symbols except for Scatter symbols, Cash Prize symbols, and Jackpot symbols. Wild symbol substitution awards the highest possible winning combination on a bet line, according to the Paytable.

Cash Prize and Jackpot Collection

Cash Prize symbols with random values of 1, 1.5, 2, 2.5, 3, 4, 5, 6, 7, 8, 9, 10, 15, or 20 times the bet can appear on reels 2, 3, and 4 during the main game

and in one type of Free Spins (Divine Spins), and anywhere on the reels during the other type of Free Spins (Fortune Spins).

Cash Prize symbol

Jackpot symbols with random values may also appear on reels 2, 3, and 4 during the main game and in Divine Spins, and anywhere on the reels during Fortune Spins. There are three different types of Jackpot symbols:

The Minor Jackpot symbol may award a prize of 25 times the bet. The Major Jackpot symbol may award a prize of 250 times the bet, and the Mega Jackpot symbol may award a prize of 2500 times the bet.

Fortune Collector symbols can appear on reels 1 and 5 in the main game and in Divine Spins, and anywhere on the reels in Fortune Spins. If Cash Prize symbols or Jackpot symbols and at least one Fortune Collector appear together on the reels, the Cash Prize symbols and the Jackpot symbols are collected in the Fortune Collector. If there's more than one Fortune Collector on the reels, all Cash Prize symbols and Jackpot symbols are collected in each Fortune Collector.

Fortune Collector

The total value of the Cash Prize symbols and Jackpot symbols collected in each Fortune Collector symbol is added to any wins from that same round.

Re-Spins and the Expanding Symbols Feature

One or more Wild symbol, Cash Prize symbol or Jackpot symbol appearing on the reels in the main game awards a Re-Spin after wins are evaluated.

At the start of the Re-Spin, all Wild symbols, Cash Prize symbols and Jackpot symbols remain on the reels, moving one position down with each following Re-Spin.

During Re-Spins in the main game and in Divine Spins, if a Wild symbol lands behind another Wild symbol on the reels, or a Cash Prize symbol lands behind a Cash Prize symbol or Jackpot symbol on the reels, or a Jackpot symbol lands behind a Jackpot symbol or Cash Prize symbol on the reels, it expands to cover

all positions on its reel — except for positions where there already is a Wild symbol, a Cash Prize symbol, or a Jackpot symbol. Expanded symbols remain on the reels, moving one position down with each Re-Spin.

During the main game and Divine Spins, Re-Spins end when there are no more Wild symbols, Cash Prize symbols or Jackpot symbols on the reels. A Re-Spin is still awarded on the round when the last Wild symbol, Cash Prize symbol or Jackpot symbol disappears from the reels.

Re-Spins are played at the same bet as the round that activated Re-Spins.

Free Spins

3 or more Scatter symbols appearing anywhere on the reels in the main game activate Free Spins.

When Free Spins are activated, two options of Free Spins become available to choose from: Divine Spins and Fortune Spins. Each one awards a different number of Free Spins.

Divine Spins

If the Free Spins mode chosen is Divine Spins, the number of Divine Spins is awarded according to the table below:

Scatters		Divine Spins awarded
3	5	
4	8	

	Scatters	Divine Spins awarded
5	12	

During Divine Spins, if a Wild symbol, a Cash Prize symbol or a Jackpot symbol appears on the reels, it expands to cover all positions on its reel — except for positions where there already is a Wild symbol, a Cash Prize symbol, or a Jackpot symbol — and awards a Re-Spin.

If a Wild symbol lands behind a Cash Prize symbol or a Jackpot symbol, the Wild symbol will expand to cover all positions on its reel in the same manner as described above.

If Re-Spins are activated during Divine Spins, the Spins counter stops during Re-Spins and resumes when Re-Spins end. Expanded symbols remain on the reels, moving one position down with each Re-Spin.

If a Cash Prize symbol or a Jackpot symbol lands behind a Wild symbol, the Cash Prize symbol/Jackpot symbol will expand to cover all positions on its reel in the same manner as described above. In this case, the expanded Cash Prize symbol is assigned a random value of 1, 1.5, 2, 2.5, 3, 4, 5, 6, 7, 8, 9, 10, 15, or 20 times the bet, and the expanded Jackpot symbol is assigned a random value of 25, 250, or 2500 times the bet.

If a Fortune Collector symbol appears on the reels at the same time as a Cash Prize symbol or a Jackpot symbol, the value of all Cash Prize symbols and Jackpot symbols on the reels is collected in each Fortune Collector after the Cash Prize symbols and the Jackpot symbols expand and before the next Re-Spin begins.

Divine Spins ends when the Spins counter reaches 0.

At the end of Divine Spins, the total win from Divine Spins (any bet line wins + the total value of all Cash Prize symbols collected in the Fortune Collector) is added to any wins from the round that activated Free Spins, and the game returns to the round that activated Free Spins.

Fortune Spins

If the Free Spins mode chosen is Fortune Spins, 3 Fortune Spins are awarded, plus Mystery symbols according to the table below:

Scatters		Fortune Spins awarded
3	3	
4	3 Fortune Spins + 1 Mystery symbol on the initial reels	
5	3 Fortune Spins + 2 Mystery symbols on the initial reels	

Every position on the reels spins individually during Fortune Spins, and only Cash Prize symbols, Jackpot symbols, Fortune Collector symbols, and Mystery symbols can appear on the reels. Every time one of these symbols lands, the number of spins in the Spins counter is reset to 3.

If a Fortune Collector symbol appears on the reels at the same time as a Cash Prize symbol or a Jackpot symbol, the value of all Cash Prize symbols and Jackpot symbols on the reels is collected in each Fortune Collector before the next spin begins, and the total value collected is added to the total win at the end of that spin.

Every time a Cash Prize symbol, a Jackpot symbol, or a Mystery symbol appears on the reels, they remain on the reels. The total value of the Cash Prize symbols and the Jackpot symbols that landed on the reels during each spin is evaluated and added to the total win at the end of that spin.

When the Spins counter reaches 0, or when the play area is completely filled with Cash Prize symbols and/or Jackpot symbols and/or Mystery symbols, Fortune Spins end, and each Mystery Symbol present on the reels reveals its prize.

The Mystery Symbol will randomly reveal one of the 3 possible jackpot prizes: Minor Jackpot, Major Jackpot, or Mega Jackpot.

At the end of Fortune Spins, if there is one or more rows on the reels completely filled with symbols, an extra Jackpot prize is awarded according to the table below:

Rows filled	Extra Jackpot prize
1	Minor Jackpot
2	Major Jackpot
3	Mega Jackpot

After the Mystery symbol reveals its prize, the total value of the Jackpot prize revealed by the Mystery symbol and of any extra Jackpot prize awarded is added to the total win from the Fortune Spins round. The total win from Fortune Spins is added to any wins from the round that activated Fortune Spins, and the game returns to the round that activated Free Spins.

Free Spins are played at the same bet value as the round that activated Free Spins.

Elevate Feature

In-game features can be activated with the Elevate Feature. In the Elevate Feature, one of the following features can be activated per game round:

	Scatter Hunt	For 1.5 times the bet, it increases the chance of 3 or more Scatter symbols appearing on the reels to activate Free Spins.
	Walking Collector	For 10 times the bet, only Fortune Collector symbols appearing on the reels can award Re-Spins and expand to cover the entire reel, if they land behind another Fortune Collector symbol. After expanding, they stay on the reels, moving down one position with each Re-Spin. If Free Spins are activated, and the Divine Spins mode is chosen, the Walking Collector feature is carried over to Divine Spins.
	Divine Spins	For 50 times the bet, 3, 4, or 5 Scatter symbols will appear on the reels and activate 5, 8 or 12 Divine Spins, respectively.
	Fortune Spins	For 100 times the bet, 3, 4, or 5 Scatter symbols will appear on the reels and activate Fortune Spins. If 4 Scatter symbols appear on the reels, 1 Mystery symbol will appear on the initial reels. If 5 Scatter symbols appear on the reels, 2 Mystery symbols will appear on the initial reels.
