MONTEZUMA™

BASE GAME

WILD   FEATURE

- WILD is wild for all symbols except FEATURE.
- WILD only appears on reels 2-4.
- Only highest winner paid per winning combination.
- Paytable reflects current bet configuration.
- Line pays must occur on adjacent reels, beginning with the leftmost reel.

FREE SPIN FEATURE

- 3 or more scattered FEATURE trigger the free spin feature.
- 5 scattered FEATURE pays 10x total bet.
- 4 scattered FEATURE pays 10x total bet.
- 3 scattered FEATURE pays 3x total bet.
- The number of free spins and retrigger spins awarded is determined by a spin of the wheel (3, 5, 6, 7, 8, 9, 10, 15 or 25).
- During free spins, an alternate set of reels is used.
- Winning combinations for these reels are identical to the base game.
- During Free Spins, the bet per line and the active paylines remain the same as the spin that triggered the feature.
- At the start of each spin, a wheel spins above the reels and reveals a spin multiplier (2x, 3x, 5x or 10x).
- All line pays are multiplied by the bet per line and the spin multiplier.
- 2 or more scattered FEATURE award additional free spins to the amount of Free Spins remaining.
- All additional free spins use the multiplier of the triggering spin.
- All scatter pay monetary awards have already been multiplied by the total bet and spin multiplier.
- Scatter pays are added to payline wins.

BONUS GUARANTEE

- Any feature ending with less than 10x total bet is automatically increased to 10x total bet at the end of the feature.
- The Bonus Guarantee value includes the initiating scatter pay.

QUIKSET PANEL

- Clicking on the Total Bet meter opens and closes the Quikset panel.
- All values in the Quikset panel are equated with maximum paylines enabled.
- Click a value to immediately change the Total Bet value to that amount.
- The number of active paylines and the bet per line will be updated to reflect the Total Bet amount selected in the Quikset panel.
- Clicking on a value in the Quikset panel will not set the reels into motion.

PAYLINES

- Wins on multiple paylines are added together.
- Total line bet must be divided equally between each active payline; therefore, all total bet amounts are not available.
- The total bet is the number of lines multiplied by the cash bet on each line.
- Only active paylines can register wins.
- Malfunction voids all pays and plays.
