

Djinni's Arabian Riches™

About this Game

This is a 6 reel, 5 row video slot game.

The objective of the game is to spin the reels so the symbols land in different combinations.

Winning combinations are highlighted on the reels and a payout is awarded.

Pay Anywhere Rules

This game includes 30 symbol positions.

A win is awarded when 8+ matching symbols land in any position on the reels.

Winning symbols are removed from the reels.

Bet Rules

Each spin played costs a total bet amount.

The total bet is based on the initial bet placed, multiplied by the cost of the bet multiplier.

The bet multiplier is 10.

The initial bet is the current total bet divided by 10.

Payout Rules

Pay Anywhere win payouts are based on the initial bet placed.

The payout value is based on the winning combination formed.

The total payout is the sum of all Pay Anywhere wins and Scatter wins resulting from a spin.

Only the highest winning combination is awarded per symbol combination.

The Paytable displays the payout for each symbol combination based on the current bet.

Rolling Reels™ Feature

Rolling Reels™ can award multiple consecutive wins.

This feature can trigger in base game and Free Spins.

This feature triggers after any win.

Winning symbols are removed from the reels and the symbols above move into the empty spaces.

If new winning combinations are formed, the feature triggers again.

The feature continues until no winning combinations are present on the reels.

MultiChase™ Rolling Multipliers

Symbols with 2x - 100x multipliers may appear on the reels.

Multiplier symbols remain on the reels until all Rolling Reels™ conclude for that spin.

Multipliers may randomly increase during a spin.

In the base game, Multipliers are collected and applied to the total win after Rolling Reels™ conclude.

In Free Spins, Multipliers are collected, added to the Free Spins Multiplier, and then applied to the total win after Rolling Reels™ conclude.

Free Spins

Scatter symbol

Scatters can create their own winning combination when landing anywhere on the reels.

Scatter wins are multiplied by the total bet.

Landing 4 or more Scatters triggers 10 Free Spins and a Scatter win.

Select anywhere on the screen to initiate the Free Spins feature once awarded.

Free Spins can be retriggered.

Landing 3 Scatters during the feature awards an additional 5 Free Spins.

All bets played are the same as the spin that triggered this feature.

Rising Rewards™ Free Spins Multiplier

The Free Spins Multiplier is displayed in the Free Spins Multiplier meter.

The Free Spins Multiplier increases by 1x when 3 Scatters land on the reels during base game.

The maximum Free Spins Multiplier accumulated during the base game is 20x.

In Free Spins, any Rolling Multipliers remaining on the reels are collected once all wins are complete.

Collected multipliers are added to the Free Spins Multiplier and then applied to the total win for that spin.

The Free Spins Multiplier only applies to wins where multipliers have been collected on a spin.

The Free Spins Multiplier does not apply to retriggered Scatter wins.

The maximum Free Spins Multiplier that can be accrued during Free Spins is unlimited.

The Free Spins Multiplier resets to 1x after Free Spins are complete.

The Free Spins Multiplier can randomly reset to 2x, 3x, or 4x after Free Spins are complete.
