

Chicago Gold™

### **About this Game**

This is a 5 reel 5 row video slot game.

The objective of the game is to spin the reels so the symbols land in different combinations.

Winning combinations are highlighted on the reels and a payout is awarded.

### **Payline Rules**

This game includes 40 paylines.

The number of paylines played is fixed.

A payline is a pattern of adjacent symbol positions that runs in a line across the reels.

A win is awarded when matching symbols land adjacent to each other on a payline.

Payline wins run from left to right, starting from the first slot reel.

### **Bet Rules**

Each spin played costs a total bet amount.

The initial bet is the current total bet divided by the number of paylines played.

The total bet is based on the initial bet placed, multiplied by the cost of the paylines played.

### **Payout Rules**

Payline win payouts are based on the initial bet placed.

The total payout is the sum of all payline wins and Collect wins resulting from a spin.

The payout value is based on the winning combination formed.

If multiple winning combinations land on a single payline, only the highest win is awarded.

Only the highest winning combination is awarded per symbol combination.

The Paytable displays the payout for each symbol combination based on the current bet.

The win up to value displayed is rounded down, and is approximately the highest possible win achievable on a single spin.

### **Wild Symbols**

Wild symbols can substitute for other symbols to complete winning combinations.

Wild symbols can substitute for all symbols except Scatters, Cash, Jackpots, Collects, Multiplier Collects, and Respin Collects

The Respin Collect removes all regular symbols from the reels and awards a respin. After the respin ends, the total value of all Cash symbols shown at the end of the respin is awarded.

Cash symbols can have values between 1x and 25x the total bet.

There are 3 possible Collect features.

The regular Collect awards the total value of all Cash symbols shown.

The Multiplier Collect awards the total value of all Cash symbols shown multiplied by a random multiplier up to 5x that appears on the Collect symbol.

Wins awarded during the feature are added to base game wins.

If a Jackpot and Multiplier Collect land together, the Jackpot is not multiplied.

### **Bonus Feature**

The feature can award between 50x and 5 000x the total bet.

This feature can trigger in base game and Free Spins.

Bonus wins are multiplied by the total bet.

Wins awarded during the feature are added to base game wins.
