

- Aloha! Christmas Touch™ is a 6-reel, 6-row video slot with the Cluster Pays™ mechanic, featuring Multiplier Wild symbols, Mystery symbols, the Sticky Win Re-Spins, Tiki Bar Free Spins and Tiki Bar Max Free Spins.
- The game is played with clusters of symbols, different bet values, coin values, and bet levels (only when playing with coins).
- The game can be played with cash or coins. To switch between cash and coins, go to the Game Settings. **Note:** Not all betting modes are offered by all operators.
- **BET** is the amount of coins or cash to bet.
- When playing with coins, the bet value is set by tapping the Bet Settings button and selecting the coin value and the bet level. When playing with cash, the bet value is set by tapping the Bet Settings button and selecting the bet.
- The bet level is set using the **LEVEL** selector. Note: available only in case of multiple bet levels.
- **BALANCE** displays the amount of cash or coins available to bet.
- Winning combinations and payouts are made according to the Paytable.
- Symbol payout values shown in the Paytable are dynamic and change in accordance with the selected bet value.
- A cluster win is equal to the value shown in the Paytable multiplied by any applicable multipliers.
- A symbol is part of a cluster if it is horizontally or vertically adjacent to the same symbol.
- 9 or more symbols appearing in a cluster award a win according to the Paytable.
- Multiple clusters of the same symbol that are not adjacent to each other pay as separate clusters.
- Only the highest win per cluster is paid.
- Simultaneous wins from multiple clusters are added.

Stacked Symbols

- In the main game and in Free Spins, Scatter symbols and Mask symbols appear as stacked symbols, covering two positions on the reel.

- Mask symbols do not appear as stacked in the Sticky Win Re-Spins and when substituting for Mystery symbols.
- Stacked Mask symbols count as two symbols, each position on the reel counting as one symbol.
- Stacked Scatter symbols count as one symbol.
- Stacked symbols can be displayed fully or partially depending on how the reel lands.
- Any part of a stacked symbol included in a winning cluster pays according to the Paytable.

Mystery Symbols and Multiplier Wild Symbols

- Mystery symbols can appear anywhere on the reels in the main game and in Free Spins.
- After the reels have stopped, any Mystery symbols on the reels that have a chance to become a part of a winning combination turn into the same regular symbol.
- One of the Mystery symbols can turn into a Multiplier Wild symbol.
- Multiplier Wild symbols are Wild symbols with a Multiplier.
- The possible Multiplier values are:
 - In the main game: x2, x3, x4, x5, x7.
 - In Tiki Bar Free Spins: x2, x3, x4.
 - In Tiki Bar Max Free Spins: x4, x5, x7.
- If a Multiplier Wild symbol is a part of the cluster win, the cluster win is multiplied by the Multiplier Wild symbol's Multiplier.
- Multiplier Wild symbols substitute for all symbols except for Scatter symbols and Starfish symbols.
- Multiplier Wild substitution pays the highest possible win in each winning cluster according to the Paytable.

Sticky Win Re-Spins

- A cluster win in the main game can randomly activate the Sticky Win Re-Spins.
- Symbols in the winning cluster that activated the Sticky Win Re-Spins and all other symbols of the same type visible on the reels become Sticky symbols and stick to the reels.
- During each Sticky Win Re-Spin, all Sticky symbols landing on the reels stick to the reels and the reels re-spin again.

- The Sticky Win Re-Spins end either when no new Sticky symbols land on the reels, or when the winning cluster covers the entire play area.
- When the Sticky Win Re-Spins are activated, no wins are awarded for the spin that activated the Sticky Win Re-Spins and no wins are evaluated until the end of the Sticky Win Re-Spins.
- The Sticky Win Re-Spins are played at the same bet value as the spin that activated the Sticky Win Re-Spins.
- The Sticky Win Re-Spins and Free Spins cannot be activated simultaneously.
- At the end of the Sticky Win Re-Spins, a Multiplier is applied to any Sticky Win Re-Spins wins. The value of the Multiplier depends on the final number of symbols in the winning cluster:

| Number of symbols | Multiplier |
|-------------------|------------|
| <19 | x1 |
| 19-24 | x2 |
| 25-30 | x3 |
| 31-34 | x5 |
| 35-36 | x7 |

Free Spins

- 3 Scatter symbols, fully or partially appearing anywhere on the reels in the main game, activate Free Spins.
- When more than 3 Scatter symbols land on the reels, an instant win is awarded, multiplying the bet as follows:
 - 4 Scatter symbols – x10
 - 5 Scatter symbols – x25
 - 6 Scatter symbols – x50
- When Free Spins are activated, you choose between Tiki Bar Free Spins and Tiki Bar Max Free Spins.
- In Tiki Bar Free Spins, there are 10 Free Spins and the possible Multiplier Wild values are: x2, x3, x4.
- In Tiki Bar Max Free Spins, there are 6 Free Spins and the possible Multiplier Wild values are: x4, x5, x7.
- During both Tiki Bar and Tiki Bar Max Free Spins, Starfish symbols appearing on the reels are collected and added to the total Starfish symbol count at the end of each spin.
- When the total Starfish symbol count reaches 3, 6, 9 or 12, low-win symbols are removed from the reels according to the following table and do not appear on the reels during the remaining spins:

| Starfish symbol count | Symbols removed |
|-----------------------|---|
| 3 |  |

| | |
|----|---|
| 6 |  |
| 9 |  |
| 12 |  |

- 2 additional Free Spins are awarded for every 3 Starfish symbols collected.
- When the Starfish symbol count reaches 12, no more Starfish symbols appear on the reels.
- Free Spins end when there are no more Free Spins left.
- Free Spins are played at the same bet value as the round that activated Free Spins.
- At the end of Free Spins, the game returns to the round that activated Free Spins.
- At the end of Free Spins, the total win from Free Spins is added to any wins from the round that activated Free Spins.

Game Functions

- The table below lists the different buttons found in the game and describes their functions.

| Main Game | |
|---|---|
|  | <p>Spin Button</p> <p>Tap to start playing at the current bet value.</p> |
