SPECIAL SYMBOLS AND FEATURES

BELLS AND FRAMES

Bells appear only on the middle three reels and are used for the Frame and Wild features. Additionally, each Bell increases the Cash Drop Progress by one.

When a Bell lands on the reels it will activate a Frame. New Bell symbols that land below a Frame will instead increase a Multiplier on that Frame with +1 per Bell. When a Scatter symbol lands, all Frame symbols that are present turn into Wild symbols or Wild symbols with Multipliers. The Multipliers apply to all win lines in which the Wild participates. If several Multipliers apply to the same line they will be added up.

WILD

Wild symbols appear from the interaction between Frames and Scatters. Wilds substitute for all paying symbols and count as the symbol which forms the highest winning combination on a single win line.

CASH DROP

2 Scatter symbols on the first and last reel trigger the Cash Drop bonus. Enter with 3 Cash Drop spins and land any Cash Drop symbol before the counter runs out to continue the bonus. Initially the Scatter symbols turn into Cash Drop symbols with a cash prize of 3x the bet.

Following this, the reels will start spinning with only Cash Drop symbols in them, with each spin reducing the Cash Drop counter by one. When new Cash Drop symbols land on the reels they will lock and reset the counter to the initial amount.

The bonus ends either when the counter reaches zero and no new Cash Drop symbols landed or when the screen is filled with Cash Drop symbols.

CASH DROP SYMBOL

Appears only during the Cash Drop bonus rounds. Each symbol reveals a random cash prize of either x1, x2, x3, x5, x10, x20, x50 or x100 times the bet when it lands and stays locked in its position for the duration of the bonus.

CASH DROP PROGRESS

Increased by the Christmas Bell symbols, this feature upgrades the next Cash Drop that will be triggered with 4 progress milestones. Each milestone awards 1 of the 4 Progress Prizes at random. The same prize cannot be revealed twice when 2 or more milestones are awarded.

15 Christmas Bell symbols are required to fill 1 progress milestone, with a maximum of 60 progress positions required to fill for all 4 prizes to be won in a single Cash Drop bonus.

The Big Cash Drop requires 15 Christmas Bell symbols, the Super Cash Drop requires 30 Christmas Bell symbols, the Mega Cash Drop requires 45 Christmas Bell symbols, and the Ultimate Cash Drop requires 60 Christmas Bell symbols.

Filling the whole progress instantly turns all Frames into Wild symbols and enters the Ultimate Cash Drop bonus.

When the Cash Drop is triggered the progress resets. The 4 possible Progress Prizes are as follows: Mystery, Multiplier, Expand and Spin.

All Cash Drop symbol prizes are awarded when the bonus ends.

PROGRESS PRIZE MULTIPLIER

When triggered the total win from the Cash Drop will be doubled at the end of the bonus.

PROGRESS PRIZE +1 SPIN

When triggered the initial amount of the Cash Drop counter will be increased by 1 for a total of 4 spins.

PROGRESS PRIZE EXPAND

When triggered the amount of rows that will be in play will increase by 2 making the screen grid 5x5 in size.

PROGRESS PRIZE MYSTERY

When triggered the Golden Cash Drop will be added to the reels and may land on the screen during Cash Drop feature.

GOLDEN CASH DROP SYMBOL

When this symbol lands it will reveal a random prize of either x3, x5, x10 or x20 times the bet and a sign that indicates what interaction the Golden Cash Drop symbol will have on the reels. The possible signs that can be revealed by this symbol are: Plus, Single Arrow and Four Arrows.

GOLDEN CASH DROP SYMBOL – PLUS

If the symbol reveals a Plus sign the prizes of all currently locked Cash Drop symbols will increase by either +x5 or +x10 times the bet.

GOLDEN CASH DROP SYMBOL – SINGLE ARROW

If the symbol reveals a Single Arrow sign the prizes of all Cash Drop symbols in the direction that the arrow points will be collected by the Golden Cash Drop symbol to increase its prize.

GOLDEN CASH DROP SYMBOL – FOUR ARROWS

If the symbol reveals a Four Arrows sign the prizes of all Cash Drop symbols horizontally and vertically of the Golden Cash Drop symbols will be added together to increase its prize.

- Jackpot Game

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. The chances of winning a jackpot increase in correlation with the size of the stake played. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

The rules for Jackpot discontinuation and Jackpot fund allocation are defined by each Operator at their own discretion.

- Progressive Jackpot

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a

new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. The jackpot does not have a ceiling value. The odds of winning the jackpot increases with the size of the jackpot and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.
