- The game is played with 20 bet lines (fixed) and different bet values.

- Winning combinations and payouts are made according to the Paytable.
- Bet level is the number of coins bet per bet line. Note: available only in case of multiple bet levels.
- A bet line win in coins is equal to the value shown on the **PAYTABLE** multiplied by the bet level.
- A bet line win in currency is equal to the win in coins multiplied by the coin value.
- Only the highest win per bet line is paid.
- Bet line wins pay if in succession from the leftmost reel to the rightmost reel.
- Simultaneous wins on different bet lines are added.
- All coin wins apply to bet line wins and Coin Win Baubles only.
- Simultaneous wins on more than one feature bauble are added together.
- **Note:** The following functions might not be offered by all operators: Autoplay, Quick Spin, Quick Stop.

Christmas Bauble Wheel and Helping Dwarves

- The game features a Christmas bauble wheel loaded with different feature baubles: a Spreading Wild Bauble, Free Spins Bauble, a Coin Win Bauble, and a Surprise Bauble.
- The feature contained in the bauble held by the helping dwarves above the reels is activated when a Wild symbol appears randomly on the reel below.
- Spreading Wild Baubles turn all adjacent and diagonal symbols into additional Wild symbols. The additional Wild symbols from the Spreading Wild do not activate any feature baubles held by the helping dwarves above them.
- Free Spins Baubles activate the number of Free Spins displayed on the bauble.
- Coin Win Baubles add coin wins to the total bet line win.
- Wins with Coin Win Baubles are equal to the value displayed on the bauble.
- The Surprise Bauble contains one of the feature baubles.
- The Christmas bauble wheel is located to the right of the reels in landscape mode and below them in portrait mode; the helping dwarves are located directly above the reels.
- Helping dwarves' hands are empty at the start of the game.
- Each spin can deliver a random feature bauble from the bauble wheel into the hands of helping dwarves above the rightmost reel.
- Subsequent spins at the same bet level and coin value move the bauble from one helping dwarf to another one reel to the left per spin.
- If the current bet is raised and you tap spin, all baubles held by the helping dwarves will be removed.
- A maximum of 5 baubles can be held by the helping dwarves at the same time (one bauble per helping dwarf).

Wild and Spreading Wild

- Wild symbols can appear on any reel and substitute for all symbols in the main game and in Free Spins.
- Wild symbol and Spreading Wild symbols substitute for the highest possible winning combination on a bet line according to the **PAYTABLE**.
- In the main game and in Free Spins, Spreading Wilds are activated when the Spreading Wild Bauble drops onto a regular Wild symbol appearing on the reel and substitute for all symbols except for regular Wild symbols.
- The Spreading Wild symbol turns all adjacent and diagonal symbols into additional Wild symbols.

Free Spins

- Free Spin Baubles held by the helping dwarves directly above a Wild symbol activate Free Spins. The number of Free Spins won is a random amount and is displayed on the bauble according to the **PAYTABLE**.
- At the start of Free Spins, the Christmas bauble wheel will deliver 4 baubles into the hands of helping dwarves. A fifth bauble is added after the reels have stopped spinning.
- The next spin and each subsequent spin places a new bauble in the hands of the rightmost helping dwarf, so baubles are always being passed.
- Free Spins are played at the same bet level and coin value as the round that activated Free Spins.
- Free Spin wins are added to any bet line wins.
- Additional Free Spins are activated when the Free Spins Bauble held by a helping dwarf is directly collected by a Wild symbol appearing below the Free Spins Bauble, during a Free Spins mode. The Wild symbol appears randomly on the reels.
- Additional Free Spins won are automatically added to the current Free Spins.
- The **TOTAL WIN** field includes any wins from the main game added to any wins from Free Spins.
- At the end of Free Spins, the game returns to the round that activated Free Spins. The helping dwarves revert back to the state they had when Free Spins was activated.
