Bet Settings

Close the window.

Setting Close

Displays the maximum bet.

Max Bet

[IMPORTANT]: AUTOPLAY AND TURBO MAY NOT BE AVAILABLE IN THE GAME YOU ARE PLAYING.

METERS AND BUTTONS

Bet: Displays the current bet. Bet is determined by multiplication of the current coin value

with current coin size.

Coin Value/Coin Size: The coin value and the coin size determine your bet on the spin.

Spin Button: Starts the game. When the reels are spinning, the spin button transforms into the Stop Button. Press the Stop Button to stop the reels immediately.

Max Bet: Displays the maximum bet.

Autoplay (wherever applicable): Player can set the game to spin without the need to press the spin button every time. You can choose the number of spins to play automatically by selecting through the various options available in the menu. Autoplay can be manually stopped by pressing the Stop Autoplay button.

Win: Displays the win for the current game round.

Balance: Displays the balance amount of the player.

All balance, bet and win meter would be shown in the respective currency.

LOBBY BAR

Home: - Player can return to lobby by selecting this button.

AUTOPLAY SETTINGS

Number of spins: Select number of Auto spins as per available choice.

NET POSITION

Net position (wherever applicable): The Net position will display customer's net position, in the currency of their account or product (e.g., Pounds Sterling, Dollar, Euro) since the session started. Net position is defined as the total of all winnings minus the sum of all losses since the start of the session.

REALITY CHECK

Reality check (wherever applicable): The Reality check feature may display as a periodic in-game notifications for the real money players. Game gets suspended whenever the check appears during game play and only resumes once the player has acknowledged the check and has taken displayed actions.

“Back to game”:- Notifying player to resume the game.

“To Lobby”:- Quits the current game (after a final prompt) and back to the Operator's Main Game Menu Screen.

Malfunction

In case of any malfunction of hardware or software during the game play, all current game bets and payouts are considered void and all bets affected are refunded.

VERSION: This is game rules version 1.0 dated 08-09-2024.
