Wild & Stacked Wild

- There are 2 types of Wild symbols in the game: regular Wild and Stacked Wild.
- The regular Wild appears both in the main game and in Free Spins.
- The Stacked Wild appears only in the main game and may be fully or partially displayed depending on how the reels stop.
- Wild symbols substitute for all symbols except Scatter symbols.
- Wild symbol substitution pays the highest possible winning combination on a bet line according to the Paytable.

Free Spins

- 3 Scatter symbols appearing anywhere on reels 1, 3, and 5 in the main game activate 10 Free Spins.
- There are 5 different Levels in Free Spins, each with its own Level Multiplier.
- Free Spins start with Level 1 and an x3 Level Multiplier.
- The Multiplier Meter displays the current Level Multiplier.
- When you advance to a new level, the Level Multiplier increases and is updated before each Free Spin according to the following table:

Level Level Multiplier

1	x3
2	x5
3	x7
4	x9
5	x12

- Each time one or more regular Wild symbols appear anywhere on the reels during a Free Spin, 2 additional Free Spins are awarded and the Level Meter is filled by half. When the Level Meter becomes full, you advance to the next Level until you reach Level 5.
- When you advance to Level 5 of Free Spins, you are also rewarded with a Bonus win of 1500 coins multiplied by the coin value (if you are playing in cash, a respective amount is awarded in cash).
- On Level 5: Wild symbols landing on the reels continue awarding additional Free Spins; the Level Multiplier does not increase and stays at x12.
- Additional Free Spins won are automatically added to the current Free Spins.
- The maximum number of Free Spins is 102.
- Free Spins end either if no Wild symbols land on the reels during the initial 10 Free Spins on Level 1, or if no Wild symbols land on the reels on the next Levels, or if there are no remaining Free Spins left.
- Free Spins are played at the same bet as the round that activated Free Spins.
- During Free Spins, all bet line wins are multiplied by the Level Multiplier.
- At the end of Free Spins, the game returns to the main game and the Level Multiplier is reset.
- At the end of Free Spins, the total win from Free Spins is added to any wins from the round that activated Free Spins.
