The total buy-in of ₱40,000 is broken down as follows:

₱19,920 Tournament Prizepool

₱15,000 Mystery Bounty

₱4,000 Admin Fee

₱1,080 Staffing Cost

Mystery Bounties will commence once players are in the money (ITM) and all will receive a Mystery bounty token at the start of play.

The Mystery Bounty prize pool will be calculated on a % basis and announced after the registration is closed.

Mystery Bounty prizes will be subject to the same pay-out rules as tournament prizes.

The Mystery Bounty prize amounts will be displayed on the Mystery Bounty electronic wheel app posted in a designated area.

Players who eliminate other players will collect the Mystery Bounty token from the eliminated player. The Mystery Bounty token will be used by the player to randomly draw a mystery bounty prize through the Mystery Bounty electronic wheel app.

As each prize is drawn, the prize will be removed from the Mystery Bounty electronic wheel, so all players will always know which prizes remain.

The player must show the tournament entry ticket and ID to draw his/her Mystery Bounty prize.

Players have the sole responsibility for their bounty token, a lost token will not be replaced, Tournament staff will make reasonable effort to assist, but we are not liable.

In the event of a deal where the play ends, each player will have their own bounty token to draw.

In the event of a deal where play continues, we will follow the same rules of elimination.

If multiple players eliminate another player with the same hand, the bounty token will be split.

Bounties must be redeemed before the conclusion of the bounty tournament.

Approximately 15% of the field will be paid based on PokerStars payout structures.  
All 8 handed wherever possible breaking to a final table of 9.  
In a multiple-day event (play to ITM), there will be a Day 2 redraw and a random breaking order from 5 tables left onwards.

### Event #26 - Limit Hold'em

The big blind is always equal to the value of the small bet.  
The first player to act must post at least the amount of the big blind.  
During the preflop and flop betting rounds, increments are based on the small bet.  
On the turn and river, bet sizes increase, allowing players to raise by the larger of the two bet amounts.  
There is a limit of four raises per betting round.

### Event #57 - Super Knockout [P25K Bounty]

P25K Bounty for every player eliminated

### Event #59 - Swap Hold'em

This game follows the same rules as Texas Hold'em, with one significant difference:  
Before any player has the option to fold, they are allowed to swap one or both of their hole cards for new ones.  
Players can make this swap once per hand, at any point during the hand (either pre-flop or post-flop), unless they are all-in.

### Event #70 - NLH 20/15/10

10 levels of late registration

Level 1-6 (20min)

Level 7-10 (15min)

10 min thereafter

### Event #73 - Ladies Event

Only female players are allowed to enter for this event

### Event #74 - Survivor Knockout [P50K Bounty]

When the number of players in the game drops down to 20% of the total field, a bounty of P50K will be introduced per player.

The remaining amount in the prize pool will go to the Main Pool.

Once Bounty Chips are in play, a player will receive one bounty chip upon eliminating another player.

Approximately 15% rounded to nearest one of the field will be paid based on PokerStars payout structures.

### Event #82 - Badugi

The objective of the game is to make a Badugi - a four-card low hand with four different suits, and no pairs.

The best possible starting hand therefore is 4-3-2-A (with each card a different suit).

Badugi hands are ranked by their highest card, with aces always playing as a low card, and straights ignored.

A player holding 9-8-4-3 of different suits (a 'Nine Badugi') would lose to an opponent holding 8-7-3-2 (an 'Eight Badugi') of different suits. Likewise, 6-3-2-A (a 'Six Badugi') would lose to 5-4-3-2 (a 'Five Badugi').

If the top cards in the hand are tied, then the next-highest card is considered, and so on.

Therefore, a 6-5-4-A (a 'Six-Five Badugi') would lose to a 6-4-3-2 (a 'Six-Four Badugi').

If a hand reaches showdown and no player has a Badugi, the player with the best three-card or two-card hand wins the pot.

### Event #88 - Split Hold'em

two separate boards are dealt simultaneously - two flops, two turns and two rivers - with the winner of each board receiving half the pot.

#### Event #10 - Mixed NLH/PLO

Games will play eight handed and game will change every eight hands dealt. PLO - ANTE not included on pot preflop

#### Event #17 - Pot Limit Omaha - Hi - Lo

The pot is divided between the best hand for high and the best hand for low - hence the name, Omaha Hi/Lo. You may use different combinations of two cards from your hand to make your high hand and your low hand, but in each hand you must use precisely two from your hand and three from the board - no more, no less.

#### Event #26 - Limit Hold'em

The big blind is always equal to the value of the small bet. The first player to act must post at least the amount of the big blind. During the preflop and flop betting rounds, increments are based on the small bet. On the turn and river, bet sizes increase, allowing players to raise by the larger of the two bet amounts. There is a limit of four raises per betting round.

#### Event #28 - PLO Bomb Pot - Turbo

(Pot-Limit Omaha) Bomb Pot, every player at the table will contribute an ante to the pot. The dealer will then reveal a flop, which may consist of one flop, and play will continue as usual, starting with the player seated to the left of the dealer button. After the first betting round concludes, the dealer burns a card and turns over the next community card, followed by another betting round, then the river and a final betting round.

#### Event #33 - 5 Card PLO

PLO - ANTE not included on pot preflop

#### Event #64 - PLO Knockout [P5K Bounty]

PLO - ANTE not included on pot preflop. P5K Bounty for every player eliminated.

#### Event #95 - Mix NLH/PLO - Turbo
