SPECIAL SYMBOLS AND FEATURES

AVALANCHE™

Symbols forming wins disappear, making way for new symbols to drop in that may form new wins.

FLAMES

Paying symbols can appear, along with a flame attached to them. Destroyed symbols with flames on them form frames on that position – or on a random one if there is already a frame on that position.

FRAMES

Frames are formed when a paying symbol with a flame on it is destroyed.

CYCLE ROUNDS

On each 10th spin during the main game all formed frames will transform into Wild symbols.

WILD SYMBOL

The Wild symbol can appear only from the Cycle Rounds or Dragon's Breath features and substitutes for all other symbols except for the Scatter. The Wild symbol substitution pays the highest possible winning combination according to the payable. Where a win way only consists of Wild symbols, only the advertised payment for the length of 6x Wild in a win way will be paid out for that way.

DRAGON'S BREATH

Randomly the dragons can activate to add Wild symbols on the reels. This can happen on any spin except for the 10th spin activation for the Cycle Rounds feature.

FREE SPINS

3+ Scatter symbols anywhere on the reels award 10 Free Spins with each additional Scatter above the 3 required increasing the awarded Free Spins by 4.

3+ Scatter symbols anywhere on the reels during Free Spins award 5 more Free Spins with each additional Scatter above the 3 required increasing the awarded Free Spins by 2.

On each spin during Free Spin after the Avalanche feature ends, all remaining flames will be removed and formed frames in the current spin will transform into Wild symbols.

General types of games

Check the pays menu in the game payable if you are not sure of the game type.

Winning combinations and payouts are made according to the Paytable.

Symbol payout values shown in the Paytable are dynamic and change in accordance with the selected stake value.

If you are playing a Lines game, the prize value from one payline is equal to the payout advertised in the Paytable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payline, the largest win is paid. Each individual payline can pay only once per spin.

If you are playing a Ways or a Cluster game, the prize value from one way or winning cluster is equal to the payout advertised in the paytable. Where multiple wins occur on multiple ways or clusters, the total win values are summed. If more than one win occurs on the same way or cluster, the largest win is paid. If more than one win occurs on the same way or cluster, the largest win is paid.

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin.

If you are playing a Scatter Pays game only the highest winning combination is paid per symbol.
